

EROWA EasyChange^{XT} ITS 148

for more autonomy on your machine.

**10 magazine positions
40 kg / workpiece, including pallet**

EROWA[®]

System solutions from one single source

Units supplied:

Basic unit	EasyChange S-02
Pneumatic connection	Standard
Serial interface	Option, according to order confirmation
Interface cable	Specific, according to order confirmation
Gripper ITS 148	
Magazine plate ITS 148	
Leg extensions	Depending on requirements/according to order confirmation
Safety barrier for the machine	Option, according to order confirmation
Electric safety switch	Depending on requirements/according to order confirmation
Packaging on soft pallet	
Standard colors	RAL 7035, casing RAL 3000, columns Special colors on request

Option:

EWIS Rapid, pallet identification, shortened stroke range

Technical data:

(configuration according to offer)

Transfer weight:	40kg
Magazine positions:	10
Magazine levels:	1
Magazine load, max.:	400kg
Connection data	
Pneumatic system	
Minimum pressure/consumption:	5bar / 150l/min.
Electric system	
Voltage:	115/230V
Frequency:	50/60Hz
Output:	0.69kVA
Nominal current:	3A
Control system	
Interfaces:	M-function
	RS 232
	I/O bit

The next step is up to you.

Important matters require planning. And your next step is certain to be such an important matter. After all, you are setting off into a new, rational age. We will gladly accompany you on your way. With advice, in daily operating procedures.

So that you will know at any time what you are letting yourself in for.

The nearest EROWA agency is not far away.

Take that important step.
